\$75,000 C. & O. DEPOT ASSURED

For Maysville If City Council Agrees To Closing Up and Leveling of Lower Street—New Building Plans Call For Model Passenger Station.

Thanks to the efforts of Mayor J. Wesley Lee and the Chamber of Commerce, Maysville is now offered a \$75,000 depot on the one condition that the City Council will grant the railroad company the right to close up and level Lower street, which adjoins the present C. & O. passenger station.

Several weeks ago Mayor Lee and Mr. Thomas P. Boone, secretary of the Maysville Chamber of Commerce, met at Frankfort with Mr. Garrett S. Wall, who is connected with the main offices of the C. & O. railroad at Richmond, Va. At this meeting the three men discussed the need of a new passenger depot at Maysville. Mr. Wall, who is a former Maysville man, realized that Maysville was one of the best railroad towns along the main line of the C. & O., and also that there was a most unightly and insanitary depot. He promised he would take the matter up with President Stevens and the other officials as soon as possible. The result of his efforts is that Maysville is offered a modern, new depot.

Mr. W. W. Wikoff, local agent for the C. & O., told a representative of The Ledger Thursday afternoon that the company's engineers had the plans completed for the new edifice and that they had been accepted and a k'd by the head officials. According to Mr. Wikoff the railroad wants to erect the new building on the site of the present depot and a part of the ground now taken up by Lower street. To do this, Lower street, which runs under the viaduct to the river, would have to be filled in and made level with the surrounding ground.

The new building, according to the plans submitted, will be one of the most modern along the C. & O.'s main line, similar to the beautiful structure at Roncibert, W. Va. It will be one story in height and will be built entirely of brick and stone. Three waiting rooms will be provided, one for the white ladies, one for the white gentlemen, and one for the colored people.

The freight depot will be moved to a point just above the present passenger depot and that building will be torn down. This will give the company more room for their yards, enabling them to do more business with less congestion.

Engineer Wilson and assistants are here now looking over the ground and getting things ready for the work to start, which shows that the railroad company means business. Just as soon as the City Council grants the company its request the work will start.

It is now up to the City Council to get Maysville that new depot. For a number of years Maysville citizens have looked forward to the time when some action would be taken in the matter. At one time Lower street was much used as a way of getting to the river to load and unload from steamboats, but that time has passed and it is now seldom traveled. There are plenty of other grades at different points in the city, and the depot would be of much more benefit than the street. The time to act is while the iron is hot and it is probable that the matter will be presented to the City Council for consideration on next Monday night. All the members of the Council should lay aside all petty grievances and grant the railroad what it asks for—it is for the common good of all.

DR. HERBERT YEUILL

Noted Evangelist Coming To Hold Revival For Christian Church—Meetings In Growers Warehouse.

Dr. Herbert Yeuill, who is to conduct a revival in this city for the Christian church, just closed a successful service in Winchester, where eighty-seven persons were added to the church. The audiences were large, sometimes numbering 1,500 at a single service.

The meetings here will be held in the Growers warehouse, except on Sunday mornings, when the services will be held in the church building. Preparations are now being made to put the warehouse in shape for the meeting.

The people of the eastern section of the city can congratulate themselves because of a meeting of this character being brought so near to their own homes. The meeting will be run on a high devotional and spiritual plane. Those who will enjoy intellectual feasts such as the regular chautauqua furnishes, will find in this meeting that which will satisfy this demand.

For awhile Dr. Yeuill gave his whole time to the chautauqua platform and is, therefore, called the chautauqua-evangelist. Wherever he has held a meeting he is spoken of very highly by the Christian people of that section. He is an evangelist of considerable ability.

All the churches in the city should be strengthened and the whole moral tone of the city should be better after the meeting than now. There is but the one real reason for holding the services in the warehouse than in the church and that is because there will be a larger number hear the speaker than any church could accommodate. However, the Bible school and morning church services will be held in the Christian church at the usual time.

REVENUE ASSIGNMENTS FOR MAY
Following are the local revenue assignments by Collector Ben Marshall for the month of May:

SPEAKING OF BIG VERDICTS

In the case of Warner vs. Best in Mason County Court Thursday, the jury gave the plaintiff damages in the sum of \$3.05. The cause grew out of a sawmill partnership in this county.

WEATHER MAN MAKES PRACTICE SHORT.

Although the weather was threatening and the ground rather soggy, Manager Jones had his team out for a short practice Thursday afternoon. If the weather will permit the team will be at the park early this afternoon and the loss of practice Thursday will be made up. All the men are a trifle sore, but so far none has developed a charley horse, and a few days' work will put them in condition. Manager Jones will commence weeding and selecting the regular team next week.

100 STRONG

Will Be the Portsmouth Delegation Here On Opening Day—Will Include River City Band—Gabelman Says Dougan Is a Second Emmer.

President Thomas M. Russell of the local O. S. L. team, received the following letter from President W. N. Gabelman of the Portsmouth club. It is self-explanatory:

Portsmouth, O., April 27, 1916.
Mr. Thomas M. Russell,
Maysville, Ky.

Friend Tom:
Am arranging a special train for opening day and am guaranteeing 100. We will leave here at 12:30 and will have the full River City band. Am undecided about time of returning and will not set time until you answer this letter.

Fred Tynes and Si Straus have offered to work up this excursion with me. Our plan is to get up the list and mention the fact to those who are figuring on going that you have "The Birth of a Nation" on the same day. We could find out how many of the number who are going expect to take in the show. I could then notify you of the number and you could reserve seats for them.

I anticipate no difficulty in getting the 100, and I do not want to prove a bad prophet or I would say that we would have 200. Let me hear from you at your earliest convenience as we expect to get started on this next Monday. Regards to Watkins and yourself. Very truly yours,
GABELMAN.

P. S.—Wouldn't be a bit surprised that in Dougan you will have a second Emmer.

EXHIBITION GAME

Leagueurs To Hook Up With Fast Regular Team Sunday Afternoon In First Game of the Season.

Manager Jimmy Jones of the Maysville league team, has made arrangements with the fast Maysville Regulars to play the first exhibition game of the season at League Park Sunday afternoon.

Manager Jones will have about all of the players on hand by that time and will give the fans an opportunity to see the boys who will make the pennant race this season. Shortstop Kelly of last year's team, and a new infielder will be on hand for this game. The Regulars look better than ever this year and will go into the game with the determination to win if possible. Frost will do the twirling and Dresel will be behind the bat. Manager Smith says that he will have a new player in the line up, one who will be a surprise to all the baseball bugs.

The game will start promptly at 2:30 o'clock. Admission 25c to all.

DERAILMENT AT COAL DOCKS.

An engine tank and five empty coal cars were derailed at the C. & O. coal docks in the East End Friday morning about 7 o'clock, blocking the eastbound track for a short time. The Covington yard crew was called and soon had the track cleared. There was no delay in traffic.

EASTER ENTERTAINMENT.

Mrs. Allen Dodson delightfully entertained the King's Daughters of the

Episcopal church Thursday afternoon in the attractive parlors of the Elks Home. The program was a little out of the ordinary and truly the scene

was impressive, as each member, when called upon, told in an earnest loving way how her Easter offering for the Master's cause was made. For the improvements now in progress, the contribution of the King's Daughters to their church will be \$100.

SATURDAY WILL BE RED LETTER DAY DOUBLE STAMPS

It should be a record breaking day with us because we have a very large stock of merchandise which is NOT marked at the prevailing war prices. Just as long as we can hold prices down we are going to do it, though the big New York manufacturers are urging us to take advantage of the conditions of today.

No store can sell you Rugs, Carpets, Mattings, Linoleums, Shades and Lace Curtains at the prices we are selling them and make money, nor will we duplicate any of these items at the same prices.

Our stock of Shoes and Oxfords are marked 24 per cent. BELOW the Shoe market. Our Hosiery and Underwear are still at the old prices. Our Suits, Coats, Dresses, Skirts, Petticoats, Muslin Underwear, Millinery, Kimonos and House Dresses are marked at old prices.

Compare our prices with any store in the world and you will come back to the Big Store of Maysville.
